INSIDE YOU WILL FIND
Welcome Letter
Policies and Procedures
Program Information
Enrollment Guidelines
Wonders Programs and Contacts
Welcome to the 2022-2023 school year!

We are so pleased that you and your family are joining us for the 2022-2023 program year. Our commitment to your child’s growth and learning is at the center of our work. We incorporate equity focused teaching practices to nurture each child and ensure that they are known for who they are. Wonders is your partner in educating and caring for your child, and we take this responsibility very seriously.

The health and safety of Wonders’ children and staff is paramount. While COVID protocols and guidelines continue to evolve, our focus continues to be mitigating spread and maintaining overall healthy practices to promote overall wellness.

The Wonders Handy Family Book is a resource for you to use throughout the year. It provides information about many of our routines and practices. Our policies and procedures are based on guidance and regulation from MSDE Office of Child Care, DC Office of Superintendent of Schools, Virginia’s Department of Health and Human Services, local health departments, and the CDC. We encourage you to read through the handbook now and refer to it, as needed, throughout the year.

Communication and connection with Wonders families is essential to creating the strong and vibrant community that we have. We invite you to reach out at any time with questions, concerns, and ideas.

Wonders has always believed that our work is essential for the children in our care. We are honored that you believe in the essential value of our work. We are certain that together, we will strengthen our community and build your children’s future.

Warm Regards,

Joanne Hurt
Executive Director
jhurt@wonderslearning.org

PAGE 4 • WONDERS HANDY FAMILY BOOK 2022-2023
Our History
Founded in 1976 to provide non-profit, quality child care to working families in Chevy Chase, Wonders Early Learning + Extended Day has expanded from a single center in the basement of All Saints’ Church to nine programs in DC, Maryland, and Virginia. We offer infant/toddler care, early learning education, extended day and summer camp.

Our Mission
Wonders Early Learning + Extended Day is committed to creating and advancing high quality, diverse educational communities that teach children the foundations of life-long learning and social responsibility.

Our Vision
Wonders aims to be an innovative non-profit community leader and advocate, recognized for highest quality early childhood and school age education and social responsibility.

Our Organization
The Board of Directors of Wonders Early Learning + Extended Day, a nonprofit organization since 1976, governs our organization. This volunteer Board is made up of current and alumni parents, community members and experts in the field of education. Joanne Hurt, Executive Director, and Cidney Brunson, Director of Operations, administer the programs. Each of the eleven programs is managed by a Program Director.

Wonders Early Learning at Edgemoor and Wonders Early Learning at Leland are both accredited by the National Association for the Education of Young Children (NAEYC). All programs meet the licensing requirements for their jurisdiction.

We take special care in our hiring practices to ensure excellent teaching skills and a professional work culture. We are proud of the dedication, diversity and creativity our staff brings to the classrooms and programs. Wonders staff are leaders in the field.

Wonders has utilized strict and disciplined hiring procedures for over 45 years. We advertise positions broadly and consider applicants carefully. Our recruitment process includes phone and in-person interviews, classroom observations, and reference checks. The Executive Director makes the final hiring decision and offer of employment. All new hires undergo complete local and FBI background checks.

All new staff members participate in a thorough orientation with our Human Resources Manager and the Program Director. We review developmentally appropriate practices and curriculum planning and positive interaction strategies with children, families and colleagues.

All new hires receive a copy of the employee handbook that details our policies and standards of conduct.

Every staff member is also given a copy of, and is required to read and abide by, the National Association for the Education of Young Children’s (NAEYC) Code of Ethical Conduct and Statement of Commitment. The Code offers guidelines for responsible behavior and sets forth the principles and responsibilities for providing safe, healthy, nurturing and responsive settings for children.
Snapshot of Important Policies and Procedures

For a listing of all Wonders programs, please see the back page of this book.

Hours of Operation
Early Learning Programs ............ 7:45 am to 6:15 pm
Before School Programs .......... 7:00 am to first bell
After School Programs........... dismissal bell to 6:30 pm*
*Programs at SWW, Murch, Gesher and CES end at 6:00 pm

Program Operation
Early Learning Programs....................... 12 months
Extended Day Programs .......... School year (10 months)
Summer Camp .............................................. 2 months

Extended Day Half Days and Full Days
We provide care on the days when school is closed for certain holidays and all teacher meetings. On full days, the extended day program begins at 7:00 am and ends at 6:30 pm for all school age programs, except Milton Gottesman, which runs from 8:00 am to 6:00 pm and Charles E. Smith Jewish Day School (CESJDS), which runs from 7:45 am to 6:00 pm. On half days, the extended day program begins at dismissal and ends at 6:30 pm (6:00 pm at SWW, Murch, Gesher, Milton and CESJDS). At this time, Wonders is unable to provide care on half days and the days school is closed for Murch and SWWFS due to licensing restrictions.

Drop-In Policy*
*This policy may change if COVID-19 restrictions prohibit drop-in care.
There are two extended day drop-in options:
a) A child who is enrolled in an Extended Day Program as drop-in only;
b) A child who regularly attends an Early Learning or Extended Day program on a part-time basis and needs an occasional extra day of care.

Drop-in fees for children who are currently enrolled will be assessed at the daily rate, and added to your monthly invoice. Families whose children who are enrolled as drop-ins only, must participate in the Electronic Funds Transfer (EFT) for fee payment. All drop-ins must be scheduled in advance with the Program Director.

Late Pick Up Policy
There is a fee if you arrive to pick up your child after closing. You must sign a Late Pick Up form upon arrival. Thirty dollars is assessed for the first fifteen minutes (or any portion of the 15 minutes), and an additional $30 for each 15-minute interval or portion thereafter.

Tuition
Tuition is billed bi-weekly for Early Learning, with the first payment due on August 15, 2022. Tuition is billed monthly for Extended Day, with the first payment due on August 25, 2022. Payment may be made by Electronic Funds Transfer (EFT), automatic credit card payment or by check or money order. Mail checks to the business office—5272 River Road, Suite 530, Bethesda, MD 20816. A late fee of $50 is assessed against all account balances after the due date. All tuition billing and payment is managed through your Procare parent portal and can be found in your Parent App.

Enrollment Forms
All required forms must be completed and returned to your Program Director prior to your child’s first day of attendance.
Disclosure Policy
All child and family information is kept confidential by Wonders staff. Information is immediately available to:

* Administrators or teaching staff who have consent from a parent or legal guardian for the access to records
* The child’s parents or legal guardian
* Regulatory authorities on request.

Changes in Enrollment — for more information, see Enrollment Guidelines
Early Learning Programs: Between August 1 and November 1, changes in your child’s enrollment schedule will not be accepted. After November 1, written requests will be accepted. Withdrawal from the program requires 60 days written notice.

Extended Day programs: Between August 1 and October 1, changes in your child’s enrollment schedule will not be accepted. After October 1, written requests will be accepted. Withdrawal from the program requires 30 days written notice.

Illness — for more information, see Health Guidelines
Children who become ill while at the center will be removed from classroom activities to rest until a parent or designee arrives. When notified, it is expected that parents/guardians will promptly come to pick up the child. If the parents/guardians cannot be reached, we will call the emergency contacts listed on the emergency card.

* Children must remain at home for 24 hours after a fever has broken.
* Children must remain at home for 24 hours after vomiting has ended, unless clearance has been given by a health care provider.

Access to Early Learning Programs
Both Early Learning Programs are located in secure buildings. Parents and staff access the building using a key fob system. To help maintain the safety and security of the programs, parents and staff need to be careful to not allow other people to enter while entering or exiting the building. Parents and staff can refer individuals to the doorbell to gain entry into the building.

Program Information
Early Learning Programs: Infants and Toddlers, Preschool and Pre-Kindergarten
Wonders’ early learning programs are designed to nurture each child’s social and emotional development while providing learning experiences that enhance development. Infants and toddlers are respected and responded to as individuals. Infants and toddlers are not expected to conform to a set schedule; instead their caregivers use flexible schedules for feeding, diapering, sleeping and playing to meet each infant’s needs. As the toddlers’ desire for independence increases, we provide them with more and more opportunities to make choices and to interact with their surroundings.

Preschoolers’ learning is supported thoughtfully and intentionally in the areas of language arts, mathematical thinking, science, social studies, the arts, motor skills and social-emotional learning. Children learn skills to help them take care of themselves and each other.

Teachers guide children in their discoveries and foster the skills of life-long learning.
Activities are based on the premise that children learn by doing. We believe that your child will discover and learn by making the decisions needed to work through an activity, rather than being told exactly how to accomplish a task. As a result of this process-oriented approach, you will find that no two art projects look the same. Your child will discover many individual approaches to accomplish a task. We support the interests of each child, helping him or her grow in his or her social-emotional and cognitive skill development through hands-on experimentation with materials and concepts.

The Creative Curriculum, a comprehensive, research-based approach to teaching, guides curriculum planning in all of our early learning programs. Maryland State Department of Education early childhood curriculum, Maryland Health Beginnings, is used in conjunction with Creative Curriculum, for children birth-3. We believe in using teaching methods that match the way children develop and learn.

Our Pre-K classrooms implement Children Study Their World (CSW); a comprehensive curriculum developed by the University of Maryland which is fully aligned with MSDE’s Early Learning Standards and their Kindergarten Readiness Assessment. CSW is organized around project-based inquiry and provides daily math and literacy small group experiences. It was developed in partnership with The Smithsonian and has a significant community outreach component.

The developmental progress of our Pre-K students is assessed and documented using MSDE’s Early Learning Assessment indicators and benchmarks.

Family conferences will be held twice a year, in the fall and in the spring. Conferences are an opportunity for parents and teachers to meet to review your child’s progress in all areas of development and to set goals for continued growth and learning. Although we will be sharing information with you about your child on a daily basis, the conference is a valuable time for teachers and parents to partner with the focus on your child.

**Personal Care Items**

During the pandemic, children ages 2 and older are required to have 5 masks. Diapers and wipes for infants and toddlers are supplied by the parents or guardians. Additionally, parents provide a cot sheet and a thin blanket for naptime, a reusable water bottle, toothbrush and weather-appropriate extra clothes.

**Developmental Screening**

Ages & Stages Questionnaire (ASQ-3) is a well-regarded, research based developmental screening tool. This tool is completed by parents while interacting with their child in order to provide a “quick check” or “snapshot” of the child’s current development in several areas. The ASQ-3 is recommended by the Maryland State Department of Education for use because it has been found to reliably reveal children’s strengths and uncover any possible potential areas of concern. Children sometimes first reveal new skills at home so this questionnaire will help our teacher’s better plan for your child’s next milestones.

**“Potty Learning”**

If your child is less than three years old, he or she may not be using the toilet. Potty learning is a part of the program in our two-year-old classrooms. It is our goal to provide a positive learning experience that is developmentally appropriate for each child in the process of learning about elimination. Bathroom breaks will be positive. The teachers will help your child become interested in learning about using the bathroom and feel successful about his or her progress. We will work together with you to plan positive reinforcement and motivation.
Wonders’ Policy When Children Bite
Biting is a common, though potentially alarming, behavior among infants and toddlers. Biting is often a temporary phase as, typically, this behavior fades as the child’s development progresses. Biting is usually a child’s attempt to fulfill a need or deal with a challenge. Infants and toddlers may bite for many different reasons, including hunger, fatigue, teething or frustration.

At Wonders, biting is taken seriously and is addressed proactively and on a case-by-case basis. When a bite occurs, the child who has been bitten will immediately receive first aid, comfort and emotional care. The child who has bitten will be removed from the immediate situation and told, in words appropriate for her or his age, that biting hurts and is not okay. The child will then be closely “shadowed” by a staff member for the remainder of the day. The parents of both children will be notified by phone as soon as possible and in writing on the day of the incident.

When a child bites a second time it becomes necessary for the child’s family members, teachers and the center administration to come together as a team to create a detailed developmentally appropriate guidance plan. The individualized plan will include preventative measures, strategies for both school and home, guidelines for documentation, and checkpoints for assessing the plan’s effectiveness. Depending on the situation, and only with parental consent, the advice of a developmental consultant with expertise in biting causes and interventions may be sought and included in the plan of action.

Following the creation of an agreed upon support plan, if it is determined the parents are not following the plan or if the intervention measures have been ineffective, the steps outlined within the Wonders Developmentally Appropriate Guidance policy (see page 18) may be implemented.

Nap Time
For naptime, please bring a crib sheet and a sleep sack for infants. Blankets are not permitted for infants. For children sleeping on cots, please supply a small pillow and blanket, which has been marked with your child’s name. These items will remain at the program and sent home weekly for laundering.

All infants under twelve (12) months of age will be placed on their backs to sleep unless we have written instructions from a physician. We work with all children to find ways to make them feel comfortable and secure in their classrooms. For children who do not sleep for the entire nap period, quiet toys and books are available.

The Pre-Kindergarten programs will have a midday rest time each day.

Dental Care
Wonders early learning programs offer tooth brushing opportunities once a day. This program will be implemented safely by following all regulations for infection control as set by the Centers for Disease Control. The children will brush their teeth with direct supervision by their teachers using toothpaste with fluoride as approved by the American Dental Association. Parents will provide new, individually labeled toothbrushes every three months for school. New toothbrushes will also be required for individual children after they have contracted any contagious illness.

Babies’ gums will be wiped using a single use disposable dry wipe after each bottle and feeding.
Wonders Family Advisory Council

Due to COVID-19 restrictions, FAC will look different. More information will be shared with families in September.

The Wonders Family Advisory Council (FAC) is focused on supporting the collaboration between the families and the administration of each of our early learning programs. Members of the Council serve as liaisons between parents and the program directors at each site and the administrative team. The Family Advisory Council also plans parent activities and coordinates volunteer efforts to support Wonders throughout the school year.

Duties of Council members

- Serve as a room parent
- Develop a working knowledge of Wonders program policies and procedures
- Communicate information, as needed, to families
- Communicate feedback such as ideas, concerns, suggestions to program staff
- Welcome new families to the classroom
- Recruit and organize parent volunteers
- Help organize center-wide events (ex. potlucks)
- Help communicate and encourage Wonders development efforts (fundraising)

Meetings take place 4 times a year. An email list of Council members from both Edgemoor and Leland is provided to facilitate communication throughout the year.

New Council members are welcomed throughout the year. Questions or suggestions may be directed to Early Learning Director, Miciel DeMarco (mdemarco@wonderslearning.org).

Extended Day: Before and After School
During the COVID-19 pandemic, Wonders Extended Day programming may be required to shift the program model to meet the current needs of students. If schools are closed to in-person learning, Wonders will work to offer either on-site programming or virtual programming. This is dependent upon our ability to access our Wonders programs in public schools and other host locations, as well as current COVID-19 restrictions implemented in our communities.

The primary goal in our extended day program is to create communities for children and their families that are fun, nurturing, and enriching. Children are active learners. Wonders’ extended day programs provide an environment where children can safely grow through self-guided and structured play. In addition to fostering imagination, play challenges children to expand social, emotional, and intellectual tools. Extended Day teachers carefully plan the program to balance homework with exercise and promote healthy eating habits.

The before school program is designed as a gentle transition time from home to school. Children have the opportunity to read, finish homework, play board games or create artwork. Outside time and active games are also offered.

The after-school program curriculum is designed to foster social and emotional learning in a play-based environment. Activities are designed to create opportunities for all children to explore new concepts and build friendships. Activities incorporate seven learning areas: language and literacy, mathematical thinking, scientific thinking, social studies, personal and social development, physical development and the arts. The afternoon is a blend of child-initiated and teacher-initiated activities including outdoor play, afternoon snack, group time, choice times, homework and reading time.

On days when schools have scheduled early dismissal or are closed, we provide a half or full day program. These longer days give us the opportunity to enhance our programming by planning special events, inviting specialists in to share their expertise or exploring the larger community on field trips.

**Important Information for All Programs**

**Family Participation**

Family participation is a founding principle of Wonders. While COVID-19 restrictions are in place, family participation will be different. This could include virtual gatherings and virtual FAC meetings.

**There are several ways that family members can volunteer at Wonders, including but not limited to:**

- Fundraising committee
- Serving on the Wonders Board of Directors or Board Committee
- Community partnerships
- Grant writing
- Playground clean up

We do believe in the saying, “it takes a village to raise a child.” There are many ways you can support the important work of Wonders and enhance the learning experience of our children.
Giving
Wonders is a 501(c)(3) nonprofit organization and, from our very beginning in 1976 with one classroom and seven children, donations have played a vital role in helping us support and advance the Wonders mission. Donations to Wonders support Teacher Professional Development, Program Development and Financial Assistance for Tuition. We receive donations from our extended Wonders family of parents, alumni families and community and corporate partners. All donations are tax deductible. You will hear more from the Board throughout the year. We thank you in advance for your support!

Anti-bias and Social Justice Education
A vital aspect of our program is our commitment to anti-bias and social justice education. We carefully create an environment that reflects not only the cultures of the families we serve but the world around us. We believe this validates children’s experiences, teaches the importance of valuing similarities and differences and builds the connection between home and school.

The Four Goals of Anti-bias Education are:

✦ Each child will demonstrate self-awareness, confidence, family pride, and positive social identities.

✦ Each child will express comfort and joy with human diversity; accurate language for human differences; and deep, caring human connections.

✦ Each child will increasingly recognize unfairness, have language to describe unfairness, and understand that unfairness hurts.

✦ Each child will demonstrate empowerment and the skills to act, with others or alone, against prejudice and/or discriminatory actions.

Guiding children to accept and respect individual differences is an integral part of our program. We provide an inclusive learning environment through an engaging curriculum, service learning and by promoting respectful relationships.

Wonders is committed to partnering with families. We define family as “a network of people connected to each other legally, genetically and/or emotionally”. In our programs, this definition is translated into language that children understand: family is people who love you and people who take care of you.

Our goal is to be inclusive of the groupings that constitute a family system and we encourage children to share aspects of their home lives. When the children have questions about family, we attempt to answer them honestly and with sensitivity to individual circumstances. We understand that each family may approach this topic in a unique way. Our goal is to support these efforts in any way that we can.

Wonders also welcomes and supports English Language Learners and can coordinate translation and interpretation services when necessary.
Giving Us Feedback
In our ongoing effort to be as responsive and collaborative with families as possible, we will ask you to complete a Program Survey each program year. This survey provides us with useful feedback that informs our work and helps us as we plan long and short term goals for program improvement. Of course, we welcome your input any time of year. All of our staff members are receptive to your feedback.

Dispute Resolution
If there is a complaint with program staff, which the parties involved are unable to resolve, a formal meeting may be requested with a member of the Wonders administrative team. To the extent possible, all complaints will be handled with immediacy and confidentiality. All complaints will promptly be reviewed thoroughly and objectively. It is our goal to develop mutually respective relationships within the Wonders community and we believe open and honest communication is the foundation of our partnership with families.
Open Door Policy
Parents are encouraged to visit any of our sites at any time, pending host facility guidance. Appointments are necessary only if you wish to confer with teachers or administrators at length. Informal, respectful communication is encouraged at all times.

Inclusion
Wonders Early Learning + Extended Day makes every effort to accommodate children with special needs. We work closely with families to assess our ability to meet their child’s needs and establish an open dialogue to ensure a successful experience in a Wonders program. Classroom teachers receive focused training to provide them with the tools needed to make the classroom accessible and supportive. If it is determined, that one-on-one support is necessary; we will discuss arrangements with your family.

We have a partnership with Child Development Consultants, LLC that provides consultation to our teachers and families when we believe a child would benefit from their expertise. Child Development Consultants’ staff includes trained occupational therapists, speech/language pathologists and behavior therapists. Consultants from Child Development Consultants visit preschools and child care centers. The team serves as a community resource for teachers, parents and child care providers in support of children’s successful participation in preschool classrooms and school age programs. Members of the Child Development Consultant team observe children in the classroom and prepare a report for the family and teachers. They make specific suggestions so that teachers can differentiate their approaches for children who need additional supports. The decision to invite Child Development Consultants in for a consultation is made jointly between the family and teachers. Parents sign a consent form prior to an observation. If your child is currently participating in therapy, we request that you share this information with your child’s teacher so we can best support him or her in the classroom.

Daily Arrival and Dismissal
Your child must be escorted to the drop off area in the morning and from the pick-up area at the end of the day, by an adult who is listed on your dismissal authorization form. Children must be signed in and out of the program each day using your parent app.

If alternative arrangements have been made, the staff must be informed in person, in writing or by phone. All individuals listed on the dismissal authorization form and those who are occasionally authorized to pick up your child must be at least 16 years of age. Wonders staff will check the identification of anyone who is picking up your child.

Wonders reserves the right to refuse releasing the child to anyone who appears to be impaired by or under the influence of alcohol or drugs. In the event that the person responsible for your child’s arrival or departure appears to be impaired, our staff members will contact those listed as emergency contacts to make alternative arrangements. If the individual becomes agitated or aggressive, our staff will contact the police for assistance.

If a family has child custody arrangements, a copy of the Custody Information form must be in your child’s file along with supporting legal documents. If there are specific restrictions mandated by a court order, we must have a copy of the order on file in order to adhere to its requirements. In all other circumstances, we will release your child to either parent.

When dropping off and picking up from our programs please do not idle in your vehicle, unless you must do so in extreme temperatures to heat or cool the vehicles’ interior. Please help us minimize the impact on the air quality of our outdoor learning environments and surrounding neighborhoods.
Developmentally Appropriate Guidance

Our learning environments and teaching practices are designed to support children’s social and emotional learning and growth. We foster this learning through positive relationships, clear expectations, developmentally appropriate consequences, and when needed, intervention. This guidance system relies on the knowledge and skills of our teachers and directors, our collaboration with parents, and the support of experts who specialize in child development and mental health. The goal of this policy is to limit the need for suspension, expulsion and any other exclusionary means.

Wonders’ teachers set clear boundaries and explain the classroom expectations. Once these guidelines have been established, they remain consistent. When children need behavioral guidance, teachers help the children understand and describe the situation, their feelings, and possible alternative solutions to the problem. They follow up by helping the children plan how they will cope with future situations and remind them, when and if the need arises. Redirecting children towards more appropriate behaviors and providing alternate choices are key strategies for teachers. The aim is, within limits, to give children the power to solve their problems and nurture the skills they will need to do so.

Because our teachers know what developmentally appropriate behavior is for the children in their classrooms, they are able to effectively address challenging behaviors when they arise. We inform parents/guardians of the behaviors and the strategies used to address the situation. When a child exhibits challenging behaviors that are persistent and/or unusual, the parents or guardians will be informed and a behavior plan will be developed to support the child and address the challenging behaviors. Through careful observation and ongoing communication with the parents/guardian, it may be recommended that additional expert consultation is needed. If this is the case, we require that the parent/guardian actively participate in the evaluation and strategy/support process. When an individual support plan is developed, we work closely as a team to identify the child’s needs and to assess Wonders’ ability to address those needs. If additional resources are required, we work closely with the parents/guardians to provide those resources. There may be situations that require the parent/guardian to pay for a one-on-one staff person to work directly with the child. If after all intervention measures have been exhausted and it is determined that Wonders is unable to address a child’s needs, Wonders will help the family identify a more appropriate environment and the teachers and parents/guardians will develop a transition plan to minimize the disruption to the child and family.

This policy has been reviewed by the Wonders attorney for compliance with all applicable and civil rights laws.

Field Trips and Learning Adventures

Venturing out of the classroom fosters children’s connections within the community and offers opportunities to try new experiences.

Pre-pandemic, field trips are a regular part of our Pre-K and Extended Day programming. While COVID-19 restrictions are in place, field trips will be limited. As restrictions are lifted, this information will be updated.

You will be notified of an impending field trip at least three weeks before the trip. The departure time, destination and chaperone sign-up will also be posted. On field trip days, we request that your child arrive at least 15 minutes prior to our departure time. If your child arrives after the group has departed, children in early learning programs will stay at the program. Extended day parents will need to take your child to the trip destination or make other arrangements.
Family Events

Pre-pandemic, in-person family events are regularly planned throughout the year. These events may shift to virtual or outdoor gatherings. As restrictions are lifted, this information will be updated.

Throughout the year, you will be invited to participate in several family events. These events allow us to share in celebration, learn from one another, build community and just have fun. We encourage you to join us at the start of the school year for an orientation meeting at which time you will learn about your child’s program procedures.

Birthday Celebrations

We know birthdays are significant and exciting events in children’s lives so in our classrooms we recognize each child’s special day. We will enthusiastically celebrate and share best wishes together as a class community. If you choose to, you may share a special snack for the class to enjoy along with the planned menu items.

Two weeks prior to your child’s birthday your classroom teachers will contact you via email asking whether you intend to share a birthday snack. You will be asked to please indicate your choice of birthday snack from our pre-approved food item list and to then supply enough for the entire class on the morning of the designated day. This list of possible birthday snack items made in approved facilities will be distributed at the start of the school year. Wonders uses this list in order to ensure the health and safety of children and staff with allergies and other health concerns. NAEYC guidelines state that all food that comes from home to be shared among children must be either whole fruits or commercially prepared packaged foods in factory sealed containers. Please remember that Edgemoor and Leland are a peanut and nut restricted environment so we ask that you check food labels for the ingredients list and allergen exposure alerts.

One week before a class birthday, teachers will post a notice letting parents know what birthday snack has been planned and each family will be asked to sign off on whether or not their child may have this snack. If your child may not have a particular birthday snack, your teachers will coordinate with you regarding supplying an alternative item.

Nutrition

We provide a healthy snack at each of our programs and a prepared lunch at Wonders Early Learning at Edgemoor and Wonders Early Learning at Leland. The snacks offered at Milton Gottesman, CESJDS, and Gesher are Kosher. We follow USDA and state nutritional guidelines for the foods we serve, and limit salts, sugars and fat. We intentionally offer familiar as well as unfamiliar foods to encourage a wide range of healthy eating habits.

Our staff members create a relaxed environment for eating—teachers sit with the children, engage in conversation, promote self-help skills, model respectful interactions and encourage community building. While COVID-19 restrictions are in place, meals will be individually plated by a staff member to eliminate shared food utensils.

We let children eat as little or as much of the food that is presented to them. We do not force children to eat certain foods nor certain amounts of food. Children will eat more on some days than on others. This is to be expected during their development.

Extended Day children must bring lunch during full day programs. We encourage you to provide balanced and healthy food items for lunch. Please do not send more than
one sweet snack. We do not permit candy, gum, or soda in lunches; these will be sent home with your child. Similarly, staff in our early learning programs will monitor any food that is brought from home and will keep a supply of nutritious food on hand in order to supplement with healthy options as necessary.

We work with families to be responsive to food allergies. If your child has a food allergy, please notify your Program Director. Wonders Early Learning at Edgemoor and Leland are both peanut and nut free centers due to the presence of infants and toddlers in the program.

We support breastfeeding in our early learning centers by accepting, storing and serving expressed breast milk for feedings. If parents wish to continue breastfeeding, the child may be picked up and brought back to the program after feeding.

**Screen Time Policy**

Wonders understands that television and other electronic media can get in the way of exploring, playing, and interacting with others therefore we follow the recommendations of the American Academy of Pediatrics and we restrict screen time according to the regulations put forth by the Maryland State Department of Education. As a courtesy to our families and to provide:

- Children under 2 years of age are not permitted to view any passive technology.
- For children age 2 and older, television, computers or other media devices are used infrequently and only when directly related to facilitated learning experiences that are connected to current curriculum topics. If screen content will be used in a classroom the specific content will be indicated in advance on the week’s lesson plan and all content will be previewed and pre-approved by the center administration. A link to content will be provided to parents.

The total amount of screen time experienced by a child age 2 or over will be no more than 30 minutes within one month.

Our Extended Day programs use interactive technology that is age-appropriate, including school programs, applications (apps) and e-books. The goal for the interactive technology is to incorporate creative uses of technology and encourage social interactions with other children and teachers. The children can have scheduled increments of interactive technology once a week for a 30-minute time frame.

If Wonders provides full day distance learning support, students will be permitted to utilize their electronic device to complete distance learning during the school day and additional homework during extended day programming.

In order to promote health and well-being, the following are prohibited:

- Screen time during meals and snacks
- Media with brand placement or advertising for unhealthy or sugary food or beverages.
Early Learning Program Directories

As a courtesy to our families and to provide an effective means of communication between administrators, teachers, support staff, students, and parents, we distribute program directories in our Early Learning Programs. The directory, including the contact information provided therein, should be used only for individual, private communication for Wonders-related purposes. The directory should not be used for any other purpose, including, but not limited to: the transmission of any advertising, promotional, or other commercial materials; the transmission of any political communications; or the transmission of communications that are abusive, defamatory or obscene. Families may opt out of having contact information published in the directory by checking the “Do Not Publish” box on the Email Directory Form.

Inclement Weather Policies

We make every effort to remain open during inclement weather. Our goal is to make sound decisions based on the safety of families and staff, while still meeting families' needs for child care. *If the Federal Government is closed, Wonders is closed.*

Wonders may close or delay opening at the discretion of the Executive Director.

We make every effort to communicate a decision to close or delay opening as quickly as possible. *Decisions are announced at or before 6:00 am.* If the program closes early, you will be notified by Procare text alert and email, as well as a posting on our Wonders website and social media pages.

It is imperative that you arrange to have your child picked up as soon as possible in the event of an early closing. Staff will stay until all children are picked up.

Decisions are made separately for CESJDS, DCPS, Gesher, Milton Gottesman, and Montgomery County Programs.
**Wonders Extended Day at CESJDS**
If CESJDS is open, Wonders will be open. Delays and closings are determined by CESJDS.

**Wonders DC Public School Programs**
If District of Columbia Public Schools are open, Wonders programs will be open. Delays generally follow Administrative Office openings and closings.

**Wonders Extended Day at Gesher**
If Gesher is open, Wonders will be open. Delays and closings are determined by Gesher.

**Wonders Extended Day at Milton Gottesman**
If Milton Gottesman is open, Wonders will be open. Delays and closings are determined by the Milton Gottesman Jewish Day School of the Nation’s Capital.

**Wonders Montgomery County Programs** (Bethesda, Chevy Chase, Edgemoor, Leland, Little Falls)
The following outlines the most likely Wonders schedule based upon Montgomery County Schools’ inclement weather decisions.

- If MCPS Schools are CLOSED and MCPS Administrative offices are CLOSED then Wonders is CLOSED

- If MCPS Schools are CLOSED and MCPS Administrative Offices have a delayed opening, Wonders will have a delayed opening.

- If MCPS Schools are CLOSED or DELAYED TWO HOURS and MCPS Administrative offices are OPEN ON TIME then Wonders is OPEN ON TIME.

- If MCPS Schools CLOSE EARLY and MCPS Administrative offices are OPEN then Wonders will close ONE HOUR EARLY.

**Closings Due to Power Outages**
Licensing regulations require us to close for the following reasons:

- No electricity
- No water

If we need to close due to any of these reasons, a decision will be made by 11:00 am and pick up will be 1:00 pm. In the case of the extended day programs, there will be no after school program. We will contact families by text alert and email to communicate this information.
Weather Guidelines

Outdoor play is essential to children's health and well-being. Children need to run, climb and play outdoors. The time children spend outdoors each day is just as important to their learning as the time they spend in their classrooms. The outdoors offers many ways to enrich the curriculum and support children's learning and development.

It is our goal to take the children outside each day. We utilize weather guidelines to ensure that we have limited outdoor play during extreme weather.

Flexibility in the schedule also allows us to extend our outdoor play on fair weather days.

The following guidelines have been established for healthy outdoor play:

Cold Weather

- Temperature/wind chills of 30°F or higher: Regular outdoor play times are followed
- Temperature/wind chills between 15-30°F: 15 to 20 minutes maximum outdoor playtime
- Temperature/wind chills of 15°F or below: No outdoor playtime

We ask that children have winter coats, hats and gloves each day during the winter season. We will put snow clothes on children when snow is on the ground. Therefore, we request that all children have snow clothes (snow pants, boots, etc.) with them as the weather dictates.

Hot Weather Temperatures/Heat Index of 96° or higher and/or Code Red Air Quality:

- Outdoor activities will be limited to 15 minutes at a time. The total amount of outdoor time for the day will not exceed one hour.
- Infants and toddlers do not go out at all on Code Red days and we reduce outside time on Code Orange days.

- When field trips resume, outdoor field trips or field trips requiring a non-air-conditioned bus ride of more than 45 minutes one way will be substituted with an indoor trip with a shorter bus ride. Swimming outdoors must be limited to one hour.

- Medications that have been provided by the parents of children who have asthma or other diagnosed respiratory illnesses will be taken on our trips.

- Cold water will be available.

Sunscreen

The Center for Disease Control and Prevention recommends using a sunscreen with at least an SPF of 15, applied 30 minutes prior to outdoor play. To avoid any concerns related to possible allergies, parents will provide sunscreen, labeled with their child's name.

Teachers will apply sunscreen to the skin not covered by clothing.

Health Guidelines

The following guidelines have been developed with our Child Care Health Consultant and comply with DC, Maryland, and Virginia licensing requirements. It is our goal to curtail illness and promote healthy environments in our programs. Hand washing is the number one method of prevention to reduce the spread of infections. All children are required to wash their hands upon entering the program each day.

Please refer to our Addendum on page 34 for COVID-19 health guidelines. This information will be updated as needed.
The following require a child to leave the program:

- Breathing difficulty
- Diarrhea more than twice
- Mucus or pus draining from eyes
- Vomiting
- Persistent wheezing or coughing
- Lethargy that interferes with regular classroom activities
- A fever higher than 100.4°F taken tympanic (ear), in conjunction with behavior changes or other symptoms or signs of an acute illness.

Children who become ill while at the center will be removed from classroom activities to rest until a parent or designee arrives. When notified, parents/guardians are expected to come promptly to pick up the child. If the parents/guardians cannot be reached, we will contact the emergency contacts listed on the emergency card.

- Children must remain at home for 24 hours after a fever has broken or until cleared to return with documentation from a health care provider.
- Children must remain at home for 24 hours or longer, based on specific illness, after vomiting has ended, unless clearance has been given by a health care provider.

These communicable illnesses require a child to leave the program and stay at home until the following criteria are met for each illness:

- Strep throat – Until 24 hours after the start of antibiotic treatment.
- Chicken pox - Until all lesions are completely dried or crusted over, usually 5 days after the onset of the rash.
- Viral diseases – Determination of length of time to stay at home will be dependent upon the specific virus and recommendations based on the diagnosis by the child’s health care provider.
- Flu – Until fever free for 24 hours and upon recommendations of the local health department.
- Conjunctivitis (pink eye) – Until cleared for return with documentation from a health care provider, after taking antibiotics for 24 hours, or until symptoms have resolved.
- Head lice – Children may return 24 hours after completing the first treatment. Over the counter treatments only kill live lice and not the unhatched eggs (nits). Contact your child’s health care provider for the recommended course of treatment.

Written clearance from a health care provider indicating that the child is no longer contagious is required prior to the child’s return to the classroom.

All absences should be communicated to the program by 9:00 am. Please notify us if the illness is contagious, so we can alert families to be vigilant for signs of illness. We welcome children back to the program when they are ready to join us in all our activities, including outdoor play. If children are too ill to participate in outdoor play, indoor accommodations are made as long as the child is not contagious. Wonders’ NAEYC accredited Early Learning programs require a written statement from a parent/guardian or health care provider indicating that the child may resume a regular schedule, if the child has been absent due to illness for 3 days or more.
Medication

Prescription and Non-Prescription Medications (including over the counter drugs) will not be administered without a completed Medication Authorization Form signed by the parent and health care provider. All topical non-prescription diaper rash treatments, sunscreen, insect repellent, lip balm and lotions must be accompanied by a completed Medication Authorization Form and Topical Treatment form signed by the parent. Medication must be provided to the classroom teacher or program director in the original container in which the medicine was dispensed, including pharmacy labels. Never place medicine in a lunch box or backpack. Over the counter drugs ordered by the health care provider must be marked with the child’s name.

All prescription and non-prescription medications are stored in a locked box, located in the office. Medications requiring refrigeration are kept in a locked box in the refrigerator. Only staff trained in Medication Administration are authorized to administer medication.

Medical Emergencies

In the event of an extreme medical emergency, requiring immediate treatment, the following procedures will be followed:

✶ Parents/Guardians will be notified via phone and, concurrently, the staff will contact emergency personnel.

✶ The responding emergency team will determine whether hospitalization is necessary.

✶ If a hospital visit is required, the child will be transported to the closest hospital by ambulance and will be accompanied by a staff member.

✶ If injury occurs while the class is participating in an off campus field trip, the injured child will be transported to the closest hospital with a staff member.

✶ In the event the injury does not require an ambulance, but does require a hospital visit, you will be contacted and may elect to have the Program Director or other staff member transport your child to the hospital where you can join them.

✶ In the event the parents are not available, Wonders will notify the emergency contacts listed on the emergency cards.

Immunizations

Immunization records must be provided at enrollment. The record will provide evidence that the child has had immunizations appropriate for the child’s age and which meet the immunization guidelines set by the Maryland Department of Health and Mental Hygiene or District of Columbia Department of Health. For infants, the child should have at least one dose of each vaccine appropriate for the child’s age before entry and the infant must be scheduled to complete the required immunizations.

If a child does not have immunizations, documentation must be provided by a licensed physician or health officer stating that it has been determined that immunization is medically contraindicated according to accepted medical standards. If the parent objects to the child’s immunization because it conflicts with the parent’s bona fide religious beliefs and practices, documentation must be provided for the child’s record.

In the event of a vaccine preventable disease occurring in the program, a child who is under immunized and susceptible to the disease will be promptly excluded from the group and parents/guardians will be immediately contacted to remove the child from the program.
Fire Drills

Evacuation fire drills are practiced every month. The drills take place at varying times of the day. Records of the drills are maintained at each site.

Emergency Contingency Plans

A copy of the emergency plan for each center is posted at each site.

Clothing

Children should wear closed-toe sneakers or rubber soled shoes to prevent injury during outdoor play. Please remove any cords or strings, which may become entangled in playground equipment, from jackets, sweatshirts and other outerwear.

Please do not dress your child in personalized clothing or other identifying accessories, to prevent identification by strangers.

Please dress your child in weather-appropriate clothing at all times. We go outside in a variety of weather conditions.

Children in our early learning programs must have a change of weather-appropriate clothing stored in the classroom. Please be sure to label each item with your child’s name and include two pairs of underwear, socks, shirts and long or short pants.

Babysitting Policy

In an effort to maintain the professional status of our staff and prevent any potential conflict of interest, babysitting by Wonders staff of currently enrolled Wonders students is discouraged. Should you hire any Wonders staff for any reason, it must be off of Wonders premises, and with the understanding it is AT YOUR OWN RISK and that such arrangements and payment for services are solely between you and the staff member. Private arrangements are not sanctioned by Wonders and you agree to indemnify Wonders and hold it harmless against any and all claims arising out of any such arrangement. Families must sign a waiver, which is included in your child’s enrollment packet.

Reporting Suspected Cases of Child Abuse and/or Neglect

All child care providers are required by law to report any suspected cases of physical, mental or sexual abuse and neglect to the Office of Child Protective Services. Once a report is made, staff members are expected to cooperate with any investigation undertaken by Child Protective Services or the police.
Enrollment Guidelines

Wonders Early Learning + Extended Day is dedicated to a policy of non-discrimination. We enroll children on a first come, first served basis, but do give alumni, siblings and children of staff priority at all of our sites. Additionally, due to our required lease arrangement, employees of the Montgomery County government receive priority at Wonders Early Learning at Edgemoor and Leland. The number of spaces available for enrollment at each site is determined by the licensed capacity of each classroom.

Enrolling your child

✶ Visit our website www.wonderslearning.org and submit your application with your applicable application fee for Early Learning or Extended Day

✶ Virtual and in-person program tours are available at our Early Learning and Extended Day programs.

✶ If a full or part time space is available, you will be contacted to complete your enrollment agreement and packet

✶ There is an annual non-refundable registration fee in the Extended Day Program.

✶ If no spaces are available, your application will be held on the waiting list for up to one year. A waiting list fee of $100 is due annually to remain on the wait list beyond 1 year.

Refunds and Withdrawals

✶ Your deposit will be held until you indicate your decision to withdraw from the program. For your convenience, the deposit will hold your child’s space from year to year.

✶ Early learning programs are 12-month programs. To withdraw you must submit 30 days’ written notice to the Program Director. You are responsible for the full tuition during the last 30 days of enrollment.

✶ Extended Day programs are 10-month programs. To withdraw you must submit 60 days’ written notice to the Program Director. You are responsible for the full tuition during the last 60 days of enrollment.

✶ You may choose to use your deposit as a contribution to the Wonders Circle Fund, apply it towards your last month’s tuition or have it refunded to you. Failure to comply with the notification requirement will result in forfeiture of your deposit.

✶ Refund checks typically require six weeks’ processing time after the child’s enrollment ends. Refunds will not be issued if the appropriate withdrawal notice has not been given.
Tuition Policies

When you enroll, the Program Director will confirm the monthly tuition amount. Each family will receive an enrollment agreement, which must be signed prior to matriculation. Your signature on this document indicates your agreement to pay the applicable fees throughout your child’s enrollment and to abide by our policies. The following policies govern our tuition procedures:

Payment

✶ Tuition invoices are managed through Procare Tuition Express and can be accessed through your parent portal and parent portal app.

✶ Your Tuition Express form is included in your enrollment packet. You may select EFT (Electronic Funds Transfer), Automatic Credit Card payment or manual payment via check or money order.

✶ Early Learning Program invoices are issued bi-weekly and the first payment will be due August 15, 2022.

✶ Extended Day Program invoices are issued monthly and the first tuition payment is due on August 25, 2022.

✶ If your child’s first day falls between billing periods, you will receive a prorated invoice. This tuition payment is due, in addition to the deposit and registration fee.

✶ Payments received 7 days after the due date will incur a late fee.

✶ If paying by check, payments must be made to Wonders and mailed to 5272 River Road, Suite 530, Bethesda, MD 20816. Checks will not be accepted at the programs.

✶ To avoid the incorrect posting of payments, please write your child’s name on every check or money order.

✶ Electronic Funds Transfer (EFT) and credit card payment is available to all families through your parent portal and parent portal app.

✶ Families whose accounts are in arrears for one month or more will no longer be admitted to the program.

✶ A $35 charge will be assessed in the event that a check is returned due to insufficient funds. A 2.5% credit card processing fee will be assessed to those families using a credit card.

✶ The full tuition rate is due regardless of absence due to illness, vacation, inclement weather closings, federal holidays or other causes.
The Circle Fund

Wonders offers a unique financial program that annually provides approximately $200,000 in child care tuition-assistance to families. The Circle Fund is fundamental to who we are as a child care organization and a community. We strive to make our programs accessible to as many families as possible.

Applying for tuition assistance

>*</u>Families may apply for tuition assistance after enrolling in the program.

>*</u>Prior to applying for the Circle Fund, families must apply for State and/or County subsidies in which they qualify for, if accepted for their Wonder program

>*</u>Interested families must complete the application form and submit it with all required documentation. For any questions, please email Family Accounts at familyaccounts@wonderslearning.org

>*</u>The Circle Committee confidentially reviews each application.

>*</u>If tuition assistance is awarded, you will receive notification from the Committee via email.

>*</u>Applications will be accepted throughout the year.

>*</u>Families receiving tuition assistance must reapply annually and must be current in their tuition payments in order for their application to be considered.

>*</u>We accept several Child Care Subsidy vouchers. A complete list of accepted child care subsidies is available on our website.

Required Enrollment Forms

Parents must submit the required forms prior to enrollment for each child enrolled in Wonders programs, including the drop-in only option.

These forms ensure that we meet state licensing requirements and have a greater understanding of each child and family. All information must be current.
Addendum

It is our priority to create and maintain healthy and safe environments for children, their families, and staff. Initially, when we re-opened in June 2020, our COVID-19 policies and procedures were determined by the health department and licensing mandates. As COVID-19 mitigation strategies have developed and evolved, Wonders’ policies and procedures have been informed by guidance from these same agencies and MCPS, DCPS, and the CDC.
We continue to emphasize a layered approach to mitigation - many of these are general good health guidelines:

**Hand washing**

All children and staff must wash or sanitize their hands upon entering the program. Parents in the early learning programs must also wash their hands upon arrival.

We encourage hand washing throughout the day and require all children to wash their hands prior to eating snacks or meals.

**Stay home when sick**

We encourage all children and staff to stay home when they are unwell and to return to the program 24 hours after symptoms have cleared. This helps reduce the risk of spreading illnesses and helps to keep our classrooms and programs healthy.

**COVID testing**

When children experience COVID-19 like symptoms, a rapid test should be taken at home. Wonders does not administer tests to children. All Wonders staff participate in weekly rapid PCR tests.

**Vaccination**

We do not require children to be vaccinated for COVID-19, but we strongly encourage parents to fully protect their children by ensuring that they receive the full dose of the vaccine. Please submit a copy of your child’s vaccination along with their health and medical records. As a reminder, we need to have proof of all required childhood immunizations on file.
Masks

Our early learning programs require masks for all eligible children and all staff. Masks are optional for children and staff in all extended day programs. We will continue to monitor community levels of COVID-19 to determine if any changes to this policy are needed. Children under 2 years of age do not wear masks.

Communication

We will communicate with families at the classroom and program level when there is a positive case of COVID-19. Guidance for isolation and quarantine will be communicated at that time.

More policy guidance is below:

Wonders Health Guidelines

CDC recommendations

Quarantine/Isolation/Contact Tracing

Wonders follows the recommendations of MSDE, OSSE, and VDOE to determine quarantine and isolation guidance for each of our programs.

MSDE  OSSE  VDOE

If your child is not yet vaccinated for COVID-19, please consult your healthcare provider for information on the importance of vaccination. This link provides helpful information and answers to questions:
