Launching a “Grow Your Own” Program

Wonders will implement a Grow Your Own program, offering accelerated, tailored training and mentoring to new educators who are committed to early care and education. This program will be crucial to staff retention and growing a workforce of highly-skilled educators in our region.

Expanding the Wonders Professional Development Consortium (PDC):

Wonders PDC empowers regional educators to improve teaching practices, enhance learning outcomes for children, and support educators’ career goals. Furthermore, Wonders is reinforcing its commitment to staff professional development through expanded training and coaching models, fostering continuous improvement and individual growth.

Expanding Financial Assistance:

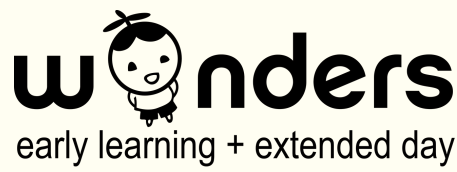

Wonders ensures our commitment to making our high-quality child care programs accessible by investing in tuition assistance programs. Supporting families facing financial barriers with meaningful tuition support allows us to make a difference in the lives of children, their families, and the future of our community.

Sustaining Wonders Mission:

Wonders prioritizes the needs of children and their families while maintaining its commitment to excellence. The continuous investment in essential areas such as strategic planning, staff development, curriculum enhancement, and family engagement allows us to advance our mission in a sustainable and impactful way and safeguards Wonders programs for future generations.

Thank you for your generous support!

As a sponsor of Wonders annual giving campaign, you are joining a network of leaders invested in the healthy development of children, families, and communities. In return, we pledge to offer you engagement and active participation within our community, and prominent company recognition.
